1. The persons mentioned below belong to the Socialist Party and receive their information through a party intelligence net which covers all of Austria and which seems to have strong connections into Soviet held territory.

2. It is planned to specialize on information pertaining to countries behind the Iron Curtain and to extend the present connections with this group to include also Land authorities in Upper Austria, Lower Austria, Burgenland, Styria and Carinthia.

3. It has not yet been clearly established whether information from Soviet held territory goes only to Land authorities, or whether it is being forwarded to an intelligence center within the Socialist International organization.
